

Parent Volunteers we need your help!

The PTA consists of parent volunteers that organize events, encourages volunteerism and raises general issues. All families who are members of the school are part of the PTA. The PTA is led by a PTA board of directors and audited by 2 volunteer auditors.

In addition, each class is led by a Class Representative volunteer to help organize class events and raise class issues. The School Council helps in school direction and has 3-4 parent volunteers who provide advice to the school administration. A couple ISI parents also participate in the Garðabær Parent Association.

An Annual PTA General Meeting will be held in September to review prior year achievements, financial position, bylaws, seek volunteers for the upcoming school year in various positions on the PTA board, Class Representatives etc... and more importantly obtain fresh new parent ideas and feedback.
